CONTEST GO-

All Contestants Working Hard and a Great Deal of Interest

BEING DISPLAYED

Everyone interested in "The Grand Premium Contest" is very enthusiastic and are well satisfied with the extremely careful manner in which contest is being conducted. Interest is growing all along and this bids fair to be one of the largest and best contests ever pulled off in this county. The promoters and the merchants interested will give and take receipts for all votes issued and their books are open at all times to any contestauts as to the number of votes given out or to the amount of cash received. During Easter week or until Saturday April 11, all merchants in the contest will be allowed to give 200 votes for \$1.00 in cash and at the end of this time the votes will drop back to 100 to the \$1.00 and remain so until the contest ends. Except in the case of the Earlington Bee who will continue to give 1000 votes on job work and advertising and 2000 on subscriptions for cash, The reason the Earlington Bee is permitted to give ten times as many votes as the others in this contest is on account of carrying a standing advertisement for these merchants in the contest and printing the votes used.

IF CHILD IS CROSS. FEVERISH AND SICK

SOME Look Mother! If tongue is coated cleanse little bowels with "California Syrup of Figs."

> Children love the "fruit laxative," and nothing else cleanses the tender stomach. liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver get sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen. Mother! See if ! tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste; sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

A Railroad Poem

CONSULTING AUTHORITY

Hang up your caps and lanterns, And pray don't take it hard; Your engine's been white-leaded, Your train's in storage yard. You ask what's het the payroil, And why is traffic flat? Consult the ratiford expert,-Ask Mr. Brandies that.

Your overalls are safe there, On shop and roundhouse wall; You're men of leisure-10 to 3,-Some needn't work at all. You wonder why equipment Is fixed less frequently? That needs an expert answer,-Consult with Mr. B.

Throw down, along the section, Your crowbar, jack and tamp: Henceforth not roadbed gravel But city streets you'll tramp. That maintenance is padded You rather disagree? A question scientific,-Confer with Mr. B.

You puddlers, mixers, rollers, Your schedules and your scales You find are growing shorter On switches, frogs and rails? You ask what's hit the market For rail and frog and switch? There may be expert reasons .-Let Mr. B. say which.

Why is th' 10.11 Merged with th' 11.10? Where is our extra smoker? Where our new station and when? Calm yourself, Mr. Subbubs, And take your petty woes To an expert in railroad science .-Ask Mr. Brandies those!

BUYING IN DISTANT CITIES.

People sometimes tell the home distant cities.

pare the two scales of prices the home store. To make a sale should inquire whether the distant store was sellion the same customer must be given intelli and made tolook ters handsome the home store more competent merchant can not heat that kind of goods. They could back to his store too easily.

It is amusing to see the bother people will take for wifting some they think they are envior. They will travel many miles, spend street car fares, pay for lunch cons, hotel bills, and tips. They get tired and foot sore, tramping around overgrown stores separated by long distances. They wait for change, carry bundles, and pay express. They pay high price in money and energy for supposed economies.

When you buy goods away from home you rarely take them back. The bother and expense looks prohibitive. When you buy at home you would return them if dissatisfied. This takes the time of clerks, frequently

the goods have been injured while in your hands.

When it is so easy to return merchant that he does not sett as goods, the customer must be cheaply as metropolicae stores or given both the worth of her mail order houses in more or less money, and something suited to his needs. A higher grade of salespeople is thus required in

> service then it exacts from the distast merchant. This means additional expense, which is counterbalanced by lower rents and like economies. When you consider how generously the home store responds to all kinds of demands, reasonable and unreasonable, the range of its prices is remarkably low.
